The End and the Beginning

Since all our high school events are recorded in our minds, the YELL-O-JAK staff of 1961 has chosen to record this year's memories in the form of a diary . . .

"The End" signifies the finish of our high school days, saying good-byes to teachers, and friends, and becoming part of the alumni. "The Beginning" signifies the start of life on our own-college, house-work, military service, or profession.

It takes the co-operation and hard work of all to make our diary well-rounded and full.

In the years to come as we read back, we will have nine months of our lives written for us which actually was only a climax to twelve years and a première for our whole life.

For She's A Jolly Good Fellow.

Dedication

As is true in most cases of human nature, one person is not usually apt to appreciate the talents of another until these talents have been fully proved. The fair lady of whom we are speaking has never at any moment ceased to serve us to the very best of her native abilities. She has given us much more than is required of a teacher by law. Her effort, patience, and concern are but a few of the reasons we love her so dearly. We, the annual staff of 1961, affectionately dedicate the 1961 YELL-O-JAK to our sponsor, MRS. J. ALLEN HUNTER, as a small token of our appreciation for those long unrecognized hours of toil.
